

Edulastic Permission Slip

Dear Parents:

This school year, our class will be using Edulastic, a secure online assessment and learning platform where teachers can assign assessment tasks to students, review their work and provide feedback. Using Edulastic students can receive and turn in assignments, view grades and participate in class or group discussions that are monitored by the teacher.

In order for your child to use Edulastic, he or she must have your permission, and you must read and agree to the Edulastic Terms of Service (<http://edulastic.com/terms-of-service>) on your child's behalf. You must also read and agree to the Edulastic Privacy Policy (<http://edulastic.com/privacy-policy>). The only information required from students to set up an Edulastic account is the teacher's class code, their name, and a username and password.

Please review the Terms of Service and Privacy Policy with your child and note that these policies may change over time, so you should review them again when you or your child receives a notification that they have been updated.

Parental Consent:

I have reviewed the Edulastic Terms of Service (<http://edulastic.com/terms-of-service>) and Privacy Policy (<http://edulastic.com/privacy-policy>) and I give my consent for my child to access and use Edulastic for school purposes.
